## **INNOVATIVE POOL PRODUCTS**

INOPOOL is a global company with locations in the United States, Asia and Europe. Frederic Abraham is the founder of INOPOOL and has been involved with the swimming pool industry for more than 10 years. INOPOOL consists of a team of professionals who share Frederic's vision of providing consumers with innovative cordless products that make cleaning a pool an affordable and exceptional experience.

Products such as battery- powered cordless robotic pool cleaners for above ground and in-ground pools, cordless handheld cleaners designed to quickly clean large and small debris, above ground filter systems featuring SilentFlow™ pumps that deliver clear, healthy water at much lower energy costs and other fine products all of which provide unsurpassed value at an affordable price.

I want to thank you for your consideration and on behalf of my team and I, we look forward to building long- term partnerships that provide you with products that work and the support that you expect.

A handwritten signature in dark ink, appearing to be 'Frédéric Abraham', with a stylized, sweeping flourish extending upwards and to the right.

## RECHARGEABLE CORDLESS ROBOTIC CLEANER

Cleans most above ground  
pools up to 484sq ft  
in **60 MINUTES OR LESS**

Aqua Turbine Technology  
for POWERFUL SUCTION

Advanced Navigation  
System for complete coverage

**PATENTED**  
Technology

Extra large Canister  
for small & large debris  
Collection

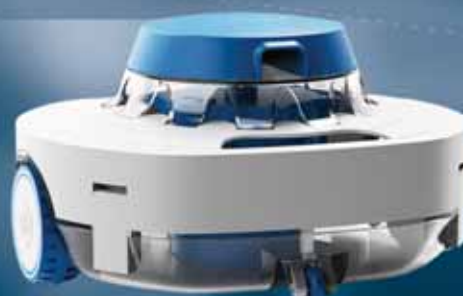

Up to **484** Sq/Ft

For above ground swimming pools

**6** Lbs

- Cleans above ground pools up to 484sq ft in **60 MINUTES OR LESS**
- Cordless, Programed Path Cleaning
- Dual filtration down to 70 microns
- Captures leaves, twigs, dust, sand, dead algae
- Auto- parking along pool wall for easy retrieval (telescopic pole hook included)
- Weighs only 6 lbs.
- Powerful motor for better suction
- 4,000 mAh lithium battery
- Warranted for 12 months

Aqua Turbines

## CORDLESS HANDHELD CLEANER

For all types of Pools & Spa

100-micron  
fine filter

2-piece 5 ft. pole  
included

2 vacheads included

**378** GPH

**VACUUM POWER**

- Great for cleaning spas, pool steps & other tight areas
- Lithium battery- 60-minute run time
- Filtration down to 100 microns
- Captures leaves, twigs, dust, pollen, sand, dead algae
- Water depth from 1.5 feet to 5 feet
- 2- piece 5' pole included

- USB charger cable included
- Best-in-class debris chamber
- Charging time 5 hours
- Super lightweight for easy maneuvering
- Warranted for 12 months

**INOPOOL**  
INNOVATIVE POOL PRODUCTS

# HHC-100

## CORDLESS HANDHELD CLEANER

For all types of Pools & Spa

LED Indicator Light

Transparent  
canister

Extra-large VacHead  
To collect more debris

Can be used by handle  
or Telescopic Pole (not included)

Dual Filter System  
Extra Capacity

**CORDLESS HANDHELD  
CLEANER**

For all types of Pools

- Commercial grade performance for all pool sizes & types
- Rechargeable Battery- operates for up to 90-minutes
- Dual filtration down to 10 microns
- Dual operating speeds high & low
- Captures leaves, twigs, dust, pollen, sand, dead algae

- Water depth from 1.5 feet to 10 feet
- 12" / 8- wheel extra wide vacuum head
- Attaches to standard telescopic pole
- Warranted for 12 months

**INOPOOL**  
INNOVATIVE POOL PRODUCTS

# LEAF MAX

## CORDLESS HANDHELD CLEANER

For all types of Pools

Also included Extra Large 5L Fine debris 70 microns bag to capture sand, dead algae and other fine debris

Leaf MAX is a self-contained battery powered pool cleaner with powerful suction designed to effectively remove leaves and debris such as acorns, and twigs from the bottom of your pool. Leaf MAX attaches to the end of a standard telescopic pole (not included) and will capture leaves and debris into a large debris bag.

Leaf MAX features a safe, over-sized impeller that generates powerful suction to effortlessly pull leaves and debris and deposit them into the high-capacity debris bag. The impeller continuously spins, keeping debris agitated and moving, avoiding suction blockages allowing you to clean your pool without any issues.

Leaf MAX offers INOPOOL's innovative design for safe, worry-free operation. Leaf MAX requires less charging and includes an over-sized 5,200 mAh battery with a 75-minute run time, and both fine and standard 5L debris bags. Leaf MAX is a safe, self-contained vacuum that's easy to use and maintain.

- Innovative Design Generating Maximum Suction (24 gal/Min)
- Operating Depth: from 1 to 9'
- Vacuum head: 10 inches
- Captures Large Leaves, Acorns, Twigs, and Small Debris
- Large Capacity Easy to Clean Reusable 5L Filter Bag
- Longer 75 Minute Run Time
- Rechargeable 5,200 mAh Battery
- Lightweight & Easy to Use
- Attaches to a Standard Telescopic Pole (not provided)
- 1 year Manufacturer's Warranty

PATENT PENDING

# FILTERMAX 3M 10

**INOPOL**  
INNOVATIVE POOL PRODUCTS

## Above Ground Filter System

Introducing a filter system for above ground pools where design meets unparalleled performance. INOPOL filter systems are the first system of its kind designed around a special filter media called FilterBeads.

FilterBeads are reusable balls made up of polyethylene fibers that remove microscopic contaminants out of the water leaving you with clearer, healthier, polished water. The nice part is, FilterBeads are extremely easy to clean or to replace and they're very affordable. AND... The INOPOL filter system is designed to increase your water flow back to your pool while using up to 75% less electricity. That's a HUGE savings!!!

AND... The INOPOL filter system operates under extremely low pressure making it the safest filter system on the market today.

AND... This system comes complete with everything you need to operate your swimming pool including the FilterBeads! Have your screwdriver handy because that's all you'll need to quickly install the system to your existing above ground pool and enjoy the peace of mind of healthier, cleaner water....

- Efficiently filters up to 8,600 Gallons of water or 18' Round pool
- Includes all Fittings for Intex, Bestway & Standard Aboveground Pools.
- Includes FilterBeads/Filter Media
- Filters down to 3 microns or 10 x Better than a sand filter (30-50 microns)
- Patent-Pending Technology
  - Optimized Flow
  - Energy Savings
  - Silent Pump
- Eco Friendly (No backwashing)
- Option: Twistlock or Standard Plug

Above Ground Filter System

**INOPOOL**  
INNOVATIVE POOL PRODUCTS

## WORKING SYSTEM

- Unfiltered water enters the pump's pre- filter
- Exclusive top-down filtration design resulting in exceptional flow back to pool (Sand Filters lose up to 30% flow back to the pool)
- Lower HP pump required saving up to 75% in energy costs
- Dirty water is filtered by passing through FilterBeads™ (down to 3 microns)
- Filtered water exits through the bottom of the tank
- No need for a multi- port valve (no- backwashing)

- Efficiently filters up to 8,600 Gallons of water or 18' Round pool
- Includes all Fittings for Intex, Bestway & Standard Aboveground Pools.
- Includes FilterBeads/Filter Media
- Filters down to 3 microns or 10 x Better than a sand filter (30-50 microns)
- Patent-Pending Technology
  - Optimized Flow
